How to Access Virtual Classes After Registering

Option 1: On your “[CLASS NAME] - Virtual Details” email, click on the “Join Session” link and login with your username and password. This will take you directly to the Zoom or YouTube link. You can also copy and paste the link at the bottom of the email directly into an internet browser.

- NOTE: Zoom links will become “active” 30-minutes prior to class time. If you click the link more than 30-minutes before class, it will not take you to the Zoom session and will instead direct you back to the registration page. If that happens, wait until you’re within the 30-minute window and try again.

Option 2: Login to the portal within 30-minutes of the class start time and click “Join Session” on the notification in the top right corner of the screen. Here is an example of what it will look like:

Option 3: Login to the portal, and then click on your username in the top right corner of the screen. Click on the “Profile” tab. Click on “Registrations” on the left side of the screen. Find the class you registered for, and click on the video camera symbol next to that class. NOTE: the Zoom link will only work during the check-in period, which begins 30-minutes prior to class time.
